

SECTION: SPECIFICATION/ABSTRACT AMENDMENTS

Please amend the Specification and/or Abstract by entering the replacement paragraph or section, as follows, wherein added matter is underlined and deleted matter is ~~stricken through~~ or [[double bracketed]] in the text of the currently amended Specification/Abstract, relative to the immediate prior version.

On the last page of the application please insert:

Abstract

A personal protection device (10) comprises a resilient structure (12) which, in use, surrounds a bodypart of the user. The energy from an impact by a first surface is thus transmitted through the structure (12) from the impact side to the other side(s) and dissipated to an external second surface with which the structure (12) is in contact.
